

**OFFICE OF THE CITY MANAGER
LITTLE ROCK, ARKANSAS**

**BOARD OF DIRECTORS COMMUNICATION
FEBRUARY 6, 2018 AGENDA**

Subject:	Action Required:	Approved By:
<p>A grant increase from the Pulaski Area Geographical Information System agency for Storm Water Mapping Improvements.</p> <p>Submitted By:</p> <p>Public Works Department</p>	<p>Ordinance √ Resolution Approval Information Report</p>	<p>Bruce T. Moore City Manager</p>
SYNOPSIS	<p>Authorizes the City Manager to accept an offer of a grant increase and to execute agreements with the Pulaski Area Geographical Information System agency for funding of Storm Water Mapping Improvements</p>	
FISCAL IMPACT	<p>Funding for the project is from a grant from the Pulaski Area Geographical Information System (PAGIS) (Activity No. G22057) organization and Street Fund Special Project Matching Funds (Activity No. S40B613). The amount of the grant increase is \$50,000.00, with the new estimated total cost of the Map Improvement Project of \$280,000.00, including contingencies, of which the estimated PAGIS share will be \$235,000.00 and the estimated City share will be \$45,000.00.</p>	
RECOMMENDATION	<p>Approval of the resolution.</p>	
BACKGROUND	<p>Public Works maintains maps of the City's Storm Water System that includes both older paper maps and electronic maps utilizing Geographical Information System (GIS) software. Staff has been involved in a multi-year effort to convert old paper maps to the modern format, map annexed areas of the City where paper maps do not exist, and update older information.</p>	

**BACKGROUND
CONTINUED**

This effort has recently been done in cooperation with PAGIS, of which Little Rock is a member. PAGIS has offered to cost share with Little Rock to hire Engineering Consultant Services to update and improve maps as a benefit to Little Rock, PAGIS members and the public.
