The applicant provided responses and additional information to all issues raised during staff's review of the application. The applicant is requesting no variances with the PD-C zoning request.

Currently the City of Little Rock Department of Planning and Development has sixty-eight (68) short-term rentals (STR-1 and STR-2) listed within the database for approved short-term rentals in the City of Little Rock. The City's new short-term rental ordinance allows a maximum of 500 short-term rentals within the

corporate boundary of the City of Little Rock. There are currently no short-term rentals within one-quarter mile of this property.

Staff does not support the requested PD-C rezoning. Staff does not believe the request is reasonable and that the proposed PD-C use is not appropriate for this location. Staff feels that the commercial short-term rental will be out of character with the overall area at this time. Staff believes that a commercial zoning at this location would violate the subdivision's bill of assurance.

I. STAFF RECOMMENDATION:

Staff recommends denial of the PD-C zoning request.
