The Training Division analyzed Practice Ammunition requirements for 2021 and into the first quarter of 2022. The Division determined an additional 250,000 rounds of .40 caliber practice ammunition and 40,000 rounds of 9mm practice ammunition must be purchased. The ammunition will be used to support Recruit Training, In-Service Training, Specialized Training and qualifications. Potential issues with delays in the delivery of ammunition requires the Department to maintain a sufficient level of on-hand stock.</p>
