SYNOPSIS	A resolution to set the date of public hearing date February 7, 2023, for the consideration to establish a Local Ordinance District for the Central High School Neighborhood Historic District.
FISCAL IMPACT	None.
RECOMMENDATION	Approval of the resolution.
BACKGROUND	The Central High School Neighborhood Historic District was placed on the National Register of Historic Places in 1996. Due to demolitions, property neglect and incompatible alterations, the District is in danger of losing its National Register Designation. The creation of a Local Ordinance District will render the area a Local Ordinance District of the City of Little Rock, which will be subject to the oversight of the City's Historic District Commission and provide a public review process for residents and property owners for exterior alterations, demolitions and new construction.
