<b>BACKGROUND</b>	Nichols and Dimes, LLC, owner of the 0.16-acre property located at 2119 Perry Street, is requesting to rezone the property from R-2, Single-Family District, to R-4, Two-Family District. The property is located on the east side of Perry Street, south of West 22 <sup>nd</sup> Street. The rezoning is proposed to allow the construction of one (1) duplex structure on the site.

**BACKGROUND  
CONTINUED**

The property is comprised of one (1) platted lot. The property is vacant and partially tree covered. The property slopes upward slightly from west to east.

Single-family residences are located north and west of the subject property. Vacant lots, zoned R-2, are located immediately to the south and east. Single-family residences are located further south and east, with duplexes (zoned R-4) to the southeast and northeast. A number of vacant lots exist in this general area. Several older mobile/manufactured homes are also located in this neighborhood.

The City's Future Land Use Plan designates this property as Residential Low Density. The requested R-4 zoning does not require an amendment to the plan.

Staff is supportive of the requested R-4 rezoning. Staff views the request as reasonable. The lot is comprised of one (1) platted single-family lot. One (1) duplex structure will only be a minor increase in the original platted density. New duplex structures have been recently developed within this neighborhood, at the northeast corner of Wilson Road and West 22<sup>nd</sup> Street, south along the west side of Wilson Road, and along West 20<sup>th</sup> Street (at Nichols and Jr. Deputy Roads). Staff believes the applicant's plan to construct one (1) new duplex will be a quality, in-fill type, development for this general area south of West 18<sup>th</sup> Street. Staff believes rezoning this property to R-4 will have no adverse impact on the adjacent properties or the general area.
