On June 20, 2023, the Board of Directors passed Ordinance No. 22,274, which regulates Short-Term Rentals within the City of Little Rock. The new ordinance establishes “development standards” for Short-Term Rentals. If approved, the applicant must comply with the newly established development standards as follows, in addition to all other requirements of the new ordinance.

All trash pick-up shall comply with requirements for residential one (1)–and two (2)-family residential zones.

Currently the City of Little Rock Department of Planning and Development has sixty-eight (68) Short-Term Rentals (STR-1 and STR-2) listed within the database for approved Short-Term Rentals in the City of Little Rock. The City’s new Short-Term Rental Ordinance allows a maximum 500 Short-Term Rentals within the corporate boundary of the City of Little Rock.

The applicant provided responses and additional information to all issues raised during staff’s review of the application. The applicant is requesting no variances with the PD-C zoning request.

The Planning Commission reviewed this request at their January 11, 2024, meeting, and there were no objectors present. All owners of property located within 300 feet of the site, as well all Neighborhood Associations registered within the City of Little Rock, were notified.
