Moore City Manager</p>
<p style="text-align: center;">SYNOPSIS</p> <p style="text-align: center;">FISCAL IMPACT</p> <p style="text-align: center;">RECOMMENDATION</p> <p style="text-align: center;">BACKGROUND</p>	<p>A resolution to authorize the City Manager to enter into a contract with Arkansas First Response for the purchase of thirty-six (36) Zoll Automated External Defibrillators (AED) 3s, including pads, batteries, carrying cases and wall mounts for use in City-owned facilities.</p> <p>The total cost is not to exceed \$63,000.00, plus applicable taxes and fees, and funds are available from the General Fund Executive Administration, Account No. 101002-60200.</p> <p>Approval of the resolution.</p> <p>The City recognized the need to have AEDs available onsite at City-owned facilities to ensure the safety and health of its employees and visitors. In 2017, the City purchased thirty-three (33) AEDs; however, these devices have become obsolete. Maintenance for these devices is very difficult due to the scarce availability of pads and batteries required to operate the machines, and the manufacturers of this product recommend replacement of the devices.</p>
