**BACKGROUND**

Ordinance No. 20,498, adopted by the Little Rock Board of Directors on November 1, 2011, rezoned the site from O-3, General Office District, to POD, Planned Office District, to allow for the construction of a single-story building containing approximately 22,000 square-feet to be used as a twenty-three (23) bed rehabilitation facility. The site plan indicated the placement of a second building to house the mechanical equipment for the site. Sixty-seven (67) parking spaces were proposed with the new construction. The rehab development was not constructed.

The applicant is now proposing to amend the previously approved POD to allow the creation of two (2) lots and the construction of a new building on each of the newly created lots. Lot 1 is proposed with a medical clinic. Lot 2 is proposed with an outpatient surgery center. The building located on Lot 1 is proposed containing 5,780 square-feet. The building located on Lot 2 is proposed containing 7,607 square-feet. Located on Lot 1 there are forty-seven (47) parking spaces and sixty-three (63) parking spaces are located on Lot 2.

Please see the attached Planning Commission minute record and site plan for the applicant's specific development proposal and the staff analysis and recommendation.
