TO: City of Little Rock Zoning

For Zoning Variance at 5412 Centerwood , Little Rock Ar. 72207

I Don Perrymore of Perrymore Construction am asking for variance to build a 3 car garage in back of property in behalf of owners John & Julianne Saterfield .

They are a 6 person family with extremely limited parking , parking is only allowed on one side of the street on their narrow street.

Every few weeks theives are going through cars looking for items to steal , mirrors are being hit by people driving by , cars are getting scratched , and not safe getting in & out of vehicles.

Their driveway cuts through to the school behind them and everyone uses it for a cut through walking through their property on a daily basis.

We are asking to Please grant us this variance to get atleast 3 cars off the street and stop the intrusion from people cutting through their private property.

Thank You ! Sincerely Don Perrymore
