

INSTRUCTIONS FOR MAKING APPLICATION FOR A RESIDENTIAL ZONING VARIANCE

1. The owner or his authorized agent is required to file the application in the Department of Planning and Development, 723 West Markham, Little Rock, Arkansas; 371-4790. The following documents are to be submitted at the time of filing.
 - a) One (1) copy of a recent (less than five (5) years old) survey, prepared by a professional surveyor or professional engineer, which shows all existing and proposed improvements properly dimensioned and labeled.
 - b) A cover letter detailing the applicant's proposal and providing his justification and reasons for requesting a variance from the requirements of the Zoning Ordinance. Said letter shall be in sufficient detail so that the Board of Adjustment can determine whether a variance is necessary or warranted.
Possible justifications for seeking a variance might include excessive slopes, internal structural configurations, major natural features to be preserved or unusual lot configurations. Usually economic reasons are not sufficient justification for waiving zoning requirements.
2. Payment of a filing fee is required no later than the published docket closing date. Said fees are established by the City's adopted Fee Ordinance.
3. Upon application to the City, the applicant is given a notice form which is to be circulated by the applicant among neighboring property owners. Two forms of notice are used: (1) single family and duplex owners are permitted to hand carry the notice to neighbors and provide proof of notice by obtaining the signatures of those notified; (2) other owners must obtain a list of neighboring property owners from an abstract company and to send the required notice by certified mail. Said notice must be given to owners properties within 200 feet of the subject property and be accomplished at least ten (10) days prior to the meeting date.
4. The required affidavit and supporting exhibits (signed notices, mailing receipts, certified abstract list of property owners of record and copy of notice) shall be filed with the Department of Planning and Development no later six (6) calendar days prior to the meeting date.
5. The applicant is given a sign indicating that the posted property is being considered for a zoning variance which must be posted in a location on the property which is visible from the street in front of property for which the request is made. This, too, is posted at least ten (10) days in advance of the meeting.
6. The applicant or his representative must be present at the meeting at which the request is to be considered and be prepared to respond to questions from the Board of Adjustment concerning the request for variance. Failure to do so will result in automatic deferral of the request or possible withdrawal of the item from the agenda.
