

**PROMOTION PROCEDURE GUIDELINES UNIFORMED FIRE CLASSIFICATIONS
FIRE APPARATUS ENGINEER, FIRE CAPTAIN, AND BATTALION CHIEF
CITY OF LITTLE ROCK, ARKANSAS
APPROVED - OCTOBER 16, 2025**

I. PURPOSE

The purpose of the Promotion Procedure Guidelines (hereafter referred to as Guidelines) is to provide direction for the promotion of Fire Apparatus Engineer, Fire Captain and Battalion Chief. Promotion refers to the advancement of an employee from one classification to a position of another classification of a higher grade pursuant to a competitive selection process.

In cases where internal Little Rock Fire Department documents exist describing any promotional selection procedures, these Civil Service Promotion Procedure Guidelines will supersede those documents.

II. RESPONSIBILITY

The responsibility for establishing policy and general procedure guidelines regarding the promotion of Uniformed Fire Personnel rests with the City of Little Rock Civil Service Commission. The responsibility for the administration of this Uniformed Fire Personnel promotion process rests with the Chief People Officer (hereafter referred to as the CPO). The CPO shall:

- develop and implement administrative procedures and test components to ensure the efficient and professional administration of the guidelines,
- ensure an annual test administration calendar is available by January 31 to candidates, to assist in leave scheduling,
- modify such administrative procedures and test components as necessary to ensure compliance with the Guidelines,
- review any promotion process concerns for evaluation and future administrations,
- ensure competency/exercise development includes Fire personnel and meets industry standards,
- act as a technical advisor to the Civil Service Commission with respect to promotion matters,
- ensure the initiation of promotion related activities for all ranks within the Little Rock Fire Department is timely,
- provide information and/or complaints concerning promotional processes to the Civil Service Commission, and forward all administrative appeals to the Commission for final resolution, and
- ensure sources are available 120 days before the administration of the written exam.

The Fire Chief shall:

- ensure the availability of in-house subject matter experts and raters to assist in promotion components (i.e. experience review, structured interview development), and

- designate staff for electronic distribution of announcements, including reading lists, and keep records of distributions.

III. PROCEDURES

A. Vacant Promotional Positions

A vacancy which has been created due to death, demotion, retirement or promotion and remains vacant or is anticipated to remain vacant for sixty (60) days or longer will be eliminated from the Department's budget. The CPO will authorize the commencement of advertising the promotional process based upon an anticipated certification date, and the City Manager must approve the re-establishment of the position back into the City's budget to fill the vacancy. The Battalion Fire Chief promotional process will be initiated when a vacancy or projected vacancy occurs or at the discretion of the Fire Chief with the approval of the CPO.

B. Announcements

The Director shall make every reasonable effort to announce and implement testing procedures according to a timetable that will result in certification of a new eligibility list upon or after the expiration of the previous list. The Battalion Chief promotional process shall be initiated according to Section III. A. as described in these promotional guidelines.

1. At least one hundred twenty (120) days before the written test for those ranks requiring a written test, the CPO shall make every reasonable effort to announce a list of possible source materials from which the test will be constructed.
2. At least thirty (30) days before the written test of the CPO shall announce the following:
 - the date, location, and time of the written examination
 - eligibility to compete in the selection process
 - the promotion components, maximum points possible per component, and any other relevant information regarding the components or the process
 - source materials used in the construction of the test
 - the approximate percentage of questions per source
 - tentative assessment center and experience review dates, including score release dates and appeal dates,
 - tentative Civil Service Certification date, and
 - other information as necessary

C. General Provisions

Electronic notices to candidates may be distributed to give notice about critical dates, and/or requirements specific to each component, and other information. Failure to comply with the requirements may result in disqualification.

Candidates who arrive late for any selection component, fail to submit an on-line application, or fail to submit advertised component documents by the announced deadline may be

disqualified unless a verifiable emergency occurs; the continuation in the promotional process is determined by the Civil Service Commission. It is the responsibility of the candidate to provide all evidence and documentation concerning eligibility to continue in the promotion process to the Civil Service Commission a minimum of three (3) days before the Civil Service meeting via the CPO.

D. Application

Eligible current City employees must complete and submit an online application during the posting period, which shall be a minimum of thirty (30) calendar days.

IV. ELIGIBILITY LISTS

- A.** Upon completion of the promotion components (Chart II), including any appeals, the candidates shall be ranked in the order of their standing and their names placed on a list to be submitted for certification by the Civil Service Commission.
- B.** For the classifications of Fire Apparatus Engineer, Fire Captain and Battalion Chief, the effective period of the eligibility list shall be a minimum of one (1) year, not to exceed two (2) years from the effective date of certification by the Civil Service Commission provided that such period is announced in accordance with Item III. B. 2. The length of the list will be mutually agreed upon by the Chief People Officer and the Fire Chief preceding the publication of the thirty (30) day announcement. In cases where a State of Emergency is initiated by the Governor of the State of Arkansas or the Mayor of the City of Little Rock, the list may be extended, not to exceed two years beyond the date of certification.
- C.** The Fire Chief may select any of the three (3) standing highest on the certified list for promotion to the rank for which the candidate has competed, provided the candidate meets the minimum requirements for promotion to that rank as indicated in Chart II. Disciplinary actions (substantiated) may be considered. If ties are present, the Fire Chief will consider Residency as a tiebreaker.
- D.** At the expiration of the effective period of the list, all rights of priority under the list shall cease.

V. ELIGIBILITY REQUIREMENTS

- A.** For Fire Apparatus Engineer, Fire Captain, and Battalion Fire Chief, a Little Rock Fire Department employee serving in an eligible classification as listed in Chart I shall be eligible to compete in the applicable promotion process if the employee satisfies the minimum service requirements listed in Chart I OR Chart II (depending upon the length of the prosed eligibility list). The requirements must be met by the date of the written exam. The years of service must be consecutive with the Little Rock Fire Department.
- B.** For all ranks, the time of service in the eligible classification shall be computed to the date of the written test.

CHART I: ELIGIBILITY TO COMPETE REQUIREMENTS (for a one (1) year list)

Eligibility to Compete for Promotion To:	Eligible Classification	Minimum Service In Eligible Classification (years must be consecutive with the LRFD)	Education/Training (Arkansas Fire Academy/ International Fire Service Accreditation Congress) Required by 1/1/2030
Fire Apparatus Engineer	Firefighter	5 years of service as a Firefighter by the date of the written test*	<ul style="list-style-type: none"> • Driver/Operator • Officer I • Instructor I
Fire Captain	Fire Apparatus Engineer	3 years as a Fire Apparatus Engineer by the date of the written test*	<ul style="list-style-type: none"> • Instructor II • Officer II • Inspector I
Battalion Chief	Fire Captain	3 years as a Fire Captain by date of written test*	<ul style="list-style-type: none"> • Command and Control (Incident Operations, Multiple Alarm) • ICS 300 & 400 • NFA Command & Control of Incident Operations

CHART II: ELIGIBILITY TO COMPETE REQUIREMENTS (for a two (2) year list)

Eligibility to Compete for Promotion To:	Eligible Classification	Minimum Service In Eligible Classification (years must be consecutive with the LRFD)	Education/Training (Arkansas Fire Academy/International Fire Service Accreditation Congress) Required by 1/1/2030
Fire Apparatus Engineer	Firefighter	4 years of service as a Firefighter by the date of the written test*	<ul style="list-style-type: none"> • Driver/Operator • Officer I • Instructor I
Fire Captain	Fire Apparatus Engineer	2 years as a Fire Apparatus Engineer by the date of the written test*	<ul style="list-style-type: none"> • Instructor II • Officer II • Inspector I
Battalion Chief	Fire Captain	2 years as a Fire Captain by date of written test*	<ul style="list-style-type: none"> • Command and Control (Incident Operations, Multiple Alarm) • ICS 300 & 400 • NFA Command & Control of Incident Operations

**If a candidate has been reinstated according to Chapter 5 of the Civil Service Rules and Regulations, service before reinstatement will not be counted towards eligibility to compete or seniority points.*

To be eligible for promotion to the next rank, the candidate must be a uniformed Little Rock Fire Department employee who satisfies the eligibility requirements of consecutive service with the Little Rock Fire Department to compete in Chart I or Chart II (depending upon the time length of the proposed eligibility list) and the eligibility to promote as indicated in Chart III and stands among the top three on the certified eligibility list. Education hours must be earned and transcripts submitted during the application period. Candidates who do not meet the education requirements will not be eligible to take the test.

CHART III: ELIGIBILITY TO BE PROMOTED REQUIREMENTS

Promotion To (Subject Rank):	Eligible Classification	Minimum Service In Eligible Classification (years must be consecutive with the LRFD)	Education Requirement
Fire Apparatus Engineer	Firefighter	5 years	
Fire Captain	Fire Apparatus Engineer	3 years	
Battalion Chief	Fire Captain	3 years	Associate degree Bachelor’s Degree – required by 1/1/2030

VI. PROMOTION COMPONENTS

The promotion process for each rank is comprised of different selection components weighted separately for each rank (see Chart III).

CHART III: PROMOTION COMPONENTS AND MAXIMUM POINTS PER COMPONENT

Promotion To (Subject Rank):	Written Test	Practical Exam	Assessment Center / Behavioral Simulation	Experience Review
Fire Apparatus Engineer	70 Points	30 points		
Fire Captain	45 Points		55 Points	
Battalion Chief	35 Points		40 Points	25 Points

A. Written Examination

For each rank, all candidates for the relevant rank will be administered the written test at the same time and date. For the ranks of Fire Apparatus Engineer, Fire Captain and Battalion Chief, a minimum cut-off score of 70% will be utilized.

A candidate may be permitted to take the written examination at an alternate location pursuant to the following circumstances, if:

- The candidate is scheduled for military duty (location is one hundred miles or more from test location) on the day of the test and the candidate provides acceptable documentation that he made reasonable effort to reschedule the military duty, or
- The candidate is on Little Rock Fire Department business out-of-state on the day of the test, or
- The candidate is out-of-state attending to an emergency such as the death or hospitalization of a member of the candidate's immediate family, and
- Acceptable written evidence of the scheduling conflict is provided to the CPO a minimum of thirty days before the announced test date and time (unless the situation is considered an emergency and/or extenuating circumstances exist), and
- An approved test monitor is available at the alternate location, and the monitor agrees to perform the monitor's duties as prescribed by the Human Resources Department, and
- The monitor guarantees that security of test materials as prescribed will be maintained prior to, during, and after the scheduled test time, and
- The test is administered at an approved alternate test location at the announced time and date.

A committee consisting of one representative of the Fire Department Administration and one representative from the Human Resources Department will determine if the requirements for an alternate test location are satisfied and sufficient timely notification was received. Approval or denial of the alternate test location by the Committee is final.

The written examination will cover the sources (or a portion thereof) specified in the reading list. The CPO shall implement procedures to ensure the security of the examination during the test development and test administration process. Candidates must pass the test to be eligible to participate in the remainder of the promotion process.

1. Review of Written Examination

Beginning the next Human Resources Department business day following the written examination publication of results, candidates may review their written examination answer sheets and a test key during the published review hours. The "Review Period" duration is five Human Resources Department business days. If a holiday observed by the City, or extraordinary circumstances as determined by the CPO occurs in this period, the review period shall be extended to provide candidates with the entire five Human Resources Department business days for the Review Period.

2. Appeal of Written Examination Items

A candidate may appeal any test question or keyed answer. Candidates may review their written examination answer sheets and a test key and submit a written appeal relative to the accuracy of any test question or keyed answer during the published review hours. The appeal shall be submitted in writing during the Review Period. Appeals will be published without the name of the appealing candidate so that other interested candidates may freely support or challenge the appeal. The Civil Service Team, with a designated Subject Matter Expert from the Little Rock fire Department, shall review the appeals and collaborate to determine corrective action. In the case where the SME and the Civil Service team do not agree, a representative from the Chief's Office will make the final recommendation. All recommendations will be provided to the CPO

for final decision. The CPO shall confer with a consultant, if necessary, and other advisors if necessary

Appeals that do not follow the instructions provided to candidates during the appeal process will not be considered valid and will be automatically denied. If an appeal is found to be valid, the CPO will determine the appropriate remedial action and rescore all test answer sheets. Candidates will be notified of the appeal decision(s), the basis of decision(s), and their revised test score.

B. Assessment Center / Behavioral Simulation

This component will consist of exercises designed to assess behavioral constructs applicable to the classification/target rank. The candidate's responses will be observed by an assessor panel, and/or recorded electronically, and/or recorded in written form in the case of an in-basket or other written exercise and presented to a panel of trained assessors for evaluation. The **exercise administration** process may be live or recorded.

For the Fire Captain and Battalion Chief processes, the City may administer and/or score the Assessment Center/Behavior Simulation, or contract with a firm to administer and/or score all or any part of the component or exercises, utilizing current or former fire personnel or other trained assessment professionals.

Qualified assessors must be current or former Fire personnel at the test rank or higher. Former LRFD personnel may not be utilized. All assessor panels must reflect diversity; reasonable efforts will be made to procure out of state assessors.

Assessor panels for the Battalion Fire Chief rank may include one civilian, familiar with firefighting operations, of a three-rater panel if **not** rating fire technical behavioral constructs. The civilian rater may not be a current City of Little Rock employee, be selected by the CPO and be approved by the Chief.

Qualified assessors may reside inside or outside the state of Arkansas. Current or former LRFD personnel will not be utilized as assessors for Assessment Center exercises in which the identity of the candidates is readily apparent (i.e. recorded counseling sessions, etc.). For exercises in which the candidate will remain anonymous, such as a Situational Judgment Test (SJT) or critical incident, which requires the candidate to respond only in a written format, current or former LRFD personnel may be utilized as assessors. Candidates' written responses will be typed to ensure candidate identity remains anonymous.

The composite assessment score will be the total of all the competencies. In cases where competency is evaluated in more than one exercise or scenario, then the average competency will be calculated prior to compiling the sum of all competencies. Example for Verbal Communication:

Situation #1 Verbal Communication Score = 3.5
Situation #2 Verbal Communication Score = 3.0
Situation #3 Verbal Communication Score = 4.0
Total of 3 scores = 10.5
Average = 3.5 (total divided by number of scores)

A weighted assessment center score will be utilized to calculate the overall composite score, which is calculated prior to establishing the ranked list

Candidates may request feedback concerning their Assessment Center performance after the final certification.

1. Review of Exercises

Beginning the next Human Resources Department business day following the release of the scores for this component, candidates may review their performance in the exercise(s). The Review Period duration is by appointment to ensure availability of equipment and is a minimum of three (3) days and maximum of five (5) Human Resources Department business days, depending upon number of candidates. If a holiday observed by the City, or extraordinary circumstance as determined by the CPO occurs in this period, the review period shall be extended proportionately to provide candidates with the entire five Human Resources Department business days for the Review Period.

2. Appeal

A candidate may appeal the outcome in this examination by the following appeal procedures. After notification of their rating on this component, candidates may initiate an appeal by reviewing their performance and/or scoring criteria during the Review Period. After reviewing the information, candidates will be required to provide a written explanation of their appeal.

Utilizing all information including scoring criteria and the appeal information submitted by the candidate, a panel of assessors (the "Review Panel") will review the appeal and decide whether the candidate's rating is: a) reasonable (remains the same), b) should be raised, or c) should be lowered.

The Review Panel will be trained to conduct the review and may be drawn in part or whole from the group of assessors who originally rated the candidate. Candidates may appeal their results of an assessment center/behavioral simulation exercise developed by the Human Resources Department by following the procedures presented above. The Review Panel may consist of current or former fire personnel or other trained assessment professionals.

C. Practical Exam

A "Practical Examination" is an examination which permits the evaluation of a candidate's skill in the operation of Fire Department apparatus (es) and/or equipment. The Human Resources Department is responsible for the administration of the practical in collaboration with Little Rock Fire Department Training Division. The Fire Chief and individuals designated by the Fire Chief as "Raters" shall be responsible for conducting and scoring the practical examination. A practical examination will be administered to each candidate for Fire Apparatus Engineer who has passed the written examination and is eligible for further consideration.

Rating panels will be diverse with regards to gender and race . Current or former LRFD personnel may be utilized in the Rating Panels for this component and panel members will hold

a rank equal to or greater than the rank for which the candidate is applying. **Reasonable effort** will be made to ensure that the Practical Examinations are recorded.

If a candidate fails a designated component of the practical exam, the candidate will not be eligible for further consideration in the current promotional cycle. Candidates will be informed of failing criteria/critical failures before the administration of the Practical Examination.

1. Review of Recorded Exercises

Beginning the next Human Resources Department business day following the release of the scores for this component, candidates may review the recordings and/or rating criteria of their performance in the exercise(s). The “Review Period” is five (5) Human Resources Department business days. If a holiday observed by the City or extraordinary circumstance as determined by the CPO occurs in this period, the review period shall be extended to provide applicants with the entire five Human Resources Department business days for the Review Period.

2. Appeal

Candidates may appeal their outcome in this component by the following appeal procedures. Following notification of their rating on this component, candidates may review their recorded performance and/or scoring criteria during the review period. After reviewing this recording, candidates will be required to provide a written explanation of their appeal.

Utilizing the recorded information, if necessary, scoring criteria and the appeal information submitted by the candidate, a panel of raters (the “Review Panel”) will review the appeal and decide whether the candidate’s rating is: a) reasonable (remains the same), b) should be raised, or c) should be lowered.

The Review Panel will be trained to conduct the review and may be drawn in part from the group of assessors who originally rated the candidate. As indicated regarding the original assessors, the panel members will hold a rank equal to or higher than the rank for which the candidate is applying.

D. Experience Review

1. An Experience Review involves a systematic approach to evaluating candidate’s professional experience, accomplishments, and other factors that could benefit the target rank. Candidates must complete a competency-based questionnaire and for each designated competency they must report specific and verifiable examples that demonstrate their expertise. The list of core designated competencies will remain consistent to provide candidates with opportunities to acquire related experience. The submitted experience review packets are subject to verification by a LRFD review panel prior to the interview. The verification panel will have no influence in the rating process of the experience review packets; their designated role will be to verify the submitted information. Human Resources will have the right to include civilian verification reviewers if necessary. Scoring is based solely on the written material provided by the candidate.
2. Qualified raters must be current or former fire personnel at the test rank or higher and cannot be former LRFD personnel. Subject Matter experts at the rank of Battalion

Chief and above will be available for additional information during the rating process; however, the Subject Matter Experts will not have any influence in the rating process and will not be present for the duration of the scoring. A member of the Human Resources Department will be present to function as an administrator.

Appeal

Candidates may appeal their rating(s) related to the experience review. After notification of their rating(s), candidates must follow the promotional appeal procedures to appeal. Utilizing all available information and any appeal information submitted by the candidate, a panel of raters (“Experience Review Appeal Panel”) will review the appeal and decide whether the candidate’s rating is: a) reasonable (remains the same), b) should be raised, or c) should be lowered. The Review Panel will be trained to conduct the review and may be drawn in part or whole from the group of raters who originally rated the candidate.

E. Composite Score

Candidates will be ranked by composite score. The composite score is the sum of the points obtained by an individual in each component. Maximum composite score is 100 points. Composite scores will be rounded to the nearest two decimal places. Using general rounding rules, 5 and above round up, and 4 and below round down (i.e., 80.599 will round up to 80.60; 65.243 rounds to 65.24).

Education Credit and Seniority Credit will be added to the final composite score before a ranked list is created. Please refer to paragraphs F. and G. for the explanations of the Education and Seniority Credits administration.

Beginning the first Human Resources business day after the Civil Service Commission has certified an eligibility list for the specified rank, all candidates for promotion may personally review composite score information that they received on all promotion factors by making an appointment with Human Resources.

F. Education Credit

For purposes of giving candidates credit for promotion, Education Credit is added to the final composite score for the ranks of Fire Captain and Battalion Chief. Sixty (60) or more college credit hours will be considered the equivalent of an Associate’s Degree. No additional points will be awarded until a Bachelor’s Degree or higher has been obtained.

Only degrees/hours completed at an institution accredited by an accrediting association recognized by the U.S. Secretary of Education will be accepted. Chart IV, below, contains the distribution of education points.

CHART IV - EDUCATION CREDIT

Rank	Education Credit
Fire Captain	<ul style="list-style-type: none"> • 2 points for Associate Degree or 60 hours college credit • 4 points for a Bachelor's Degree
Battalion Chief	<ul style="list-style-type: none"> • 2 points for a Bachelor's Degree (no credit after 1/1/2030 for a Bachelor's Degree) • 4 points for a Post Graduate Degree

G. Seniority Credit

For purposes of giving candidates credit for seniority, Seniority Credit is added to the final composite score. Seniority Credit will be calculated from the date of promotion to the candidate's current rank (years of service in rank) to the date of the Written exam. Uniformed service time must be active, consecutive service time in the Little Rock Fire Department in the current rank. If a candidate has been reinstated according to Chapter 5 of the Civil Service Rules and Regulations, service before reinstatement will not be counted. Days served as suspensions will be deducted from the time in service. Whole months will be utilized – there will be no rounding.

Credit will be awarded as follows in Chart V:

CHART V – SENIORITY CREDIT

Seniority Credit Target Rank	Years of Service in Rank	Total of Months Completed	Seniority Credit / Points
Fire Apparatus Engineer	5 years	61 – 72 months	1 point
	6 years	73 – 84 months	2 points
	7 years	85 – 96 months	3 points
	8 years	97 -108 months	4 points
	9 years	109 months or more	5 points
Fire Captain & Battalion Chief	3 years	37 -48 months	1 point
	4 years	49 – 60 months	2 points
	5 years	61 – 72 months	3 points
	6 years	73 – 84 months	4 points
	7 years	85 months or more	5 points

VII. MISCELLANEOUS

The Human Resources Department will provide orientation for candidates, following successful completion of the written test, regarding additional promotion components. The orientation may be conducted via live presentation, through distribution of handouts, or web-based, and may be mandatory.

Any internal raters, assessors, review panelists and other individuals utilized during a testing process will be required to sign a statement stating that they will comply with all the administrator's instructions including, but not limited to, basing their rating only on the observed performance of the candidate. The statement will also include a declaration that the rater is not in a familial or consensual relationship with the candidate, as defined in the City of Little Rock Administrative Policies and Procedures Manual.

The Human Resources Department will provide a copy of the certified list to the Fire Chief as soon as reasonably possible following Civil Service Commission certification. The Fire Chief is then responsible for the distribution of the certified list to all work locations as soon as reasonably possible.

These guidelines shall be effective immediately following approval by the Civil Service Commission.

Previous Promotion Procedure Guidelines for uniform fire classifications were revised and adopted by the Commission: January 25, 2001, May 10, 2001, May 29, 2003, 2003, June 23, 2005, December 15, 2005, September 25, 2008, November 12, 2009, August 22, 2013, August 11, 2016, June 18, 2020, and September 1, 2022.
