War Memorial Park: A Place for Everyone

War Memorial Park, nestled in the heart of Little Rock, is a historical gem envisioned as a welcoming space for all. This centrally located park has long been a community hub, and with planned improvements, it will offer even more for residents and visitors to enjoy. Our vision transforms War Memorial Park into an inclusive, vibrant destination where everyone can gather, play, and connect with nature. These features and additional planned improvements will ensure War Memorial Park continues to be a treasured space where the community can come together and enjoy Little Rock's rich outdoor offerings.

Iconic Amphitheater and Great Lawn

The new amphitheater and great lawn at the park's center will create an iconic space for outdoor concerts, performances, and community gatherings. This venue will serve as a cultural hub, providing a scenic backdrop for year-round events.

Elevated Walkway

Designed to promote active transportation, the elevated walkway will connect different park areas while offering stunning views of the surrounding landscape. This feature will enhance accessibility and provide visitors with a safe, inviting way to explore the park.

Pickleball Complex

Pickleball, one of the fastest-growing sports in the country, is accessible to players of all ages and skill levels. The new pickleball complex will offer multiple courts, making War Memorial Park a go-to destination for recreational play and competitive tournaments.
