OFFICE OF THE CITY MANAGER
LITTLE ROCK, ARKANSAS

BOARD OF DIRECTORS COMMUNICATION
NOVEMBER 17, 2026 AGENDA

Subject:	**Action Required:**	**Approved By:**
ThreatLocker Zero Trust Enterprise Endpoint Protection Software Platform Purchase with ProMas, LLC	Ordinance √ **Resolution**	
Submitted By: Information Technology Department		Delphone Hubbard City Manager

SYNOPSIS	A resolution to authorize the City Manager to enter into a Software as a Service contract with ProMas, LLC, for the purchase of ThreatLocker Zero Trust Enterprise Endpoint Protection Software Platform for use by the Little Rock Police Department for a 3-year term.
FISCAL IMPACT	The total amount is not to exceed $125,520.00, including applicable taxes and fees. Funds for this purchase are allocated in Information Technology Networking Account No. 103030-61350.
RECOMMENDATION	Adopt the Resolution
BACKGROUND	The City's Information Technology Department constantly monitors and evaluates City network security and efficiency management of its technology resources. There is a need to purchase a Zero Trust Enterprise Endpoint Protection Software Platform for use by the Little Rock Police Department that allows for Application Approval, Ringfencing policies, storage control & patch monitoring for an added layer of protection unauthorized software, malware, ransomware, data exfiltration, and other endpoint security threats while improving centralized security management across the City's computing environment. Vendor selection of ProMAS, LLC was made utilizing cooperative purchasing entity, TIPS-TAPS Contract No. 230105.
